WINNIPEG, April 27.

Favourable reports continue to be received concerning the health of Archbishop Tache.

Montreal has been visited by another St. Lawrence flood, which inundated all the lower portion of the city from three to five feet, and did considerable damage. The water is now subsiding and further trouble is not feared.

British army officers who have been buying horses in this country will shortly visit Manitoba and the Northwest.

All the Conservative members of Parliament from constituencies west of Lake Superior have united in pressing on the Government the claims of the West to representation in the Cabinet, and for a reduction of C. P. R. freight rates. They appear undecided on the question of disallowance, more especially as Watson is to move a motion condemning the Government, and probably some of them will vote in support of the Government.

Curran's Irish resolution has been carried by a vote of 56 to 133. Several amendments were voted down. Sir John Macdonald expressed disapprobation of the House meddling with the question. Davis, of Alberta, voted with the Minority.

The Grand Trunk railroad intend to double track their main line this year.

The Manitoba Legislature has passed a resolution in favour of the Provincial Government securing lands in arrears for taxes, and when default is made selling to settlers at actual cost. It is thought this scheme will greatly promote settlement in the Province.

The disallowance qiration is still unsettled. The debate on Watson's motion will probably not take place until Monday next. The Dominion Government apparently will make no concession, while the local Government positively declares that if the charters granted this session are disallowed they will build a line to the boundary under power of the Imperial Government. The Provincial General Railroad Act has not been disallowed. Strong resolutions in negotiations in regard to terms have been passed by the Provincial Legislature and other bodies, and in interviews had with the Government a good deal of feeling has been manifested and the question excites great attention.

R. J. Molloy, of Clark's Crossing, is in town.

Davis, of Alberta, has presented a petition from the Edmonton and Saskatchewan Land Company praying that they be empowered to accept their own stock in payment for lands.

The debate on the crimes bill still continues in the English Parliament, and an agitation against it is being carried on throughout the country. Closure will be applied to the debates to-morrow.

Strained relations exist between Germany and France over the arrest by the former of an official named Schnaebles Falsehoon for plotting in the interests of the French. The latter say the arrest was made in French territory and demand compensation.

The emigration to Canada this year will be very much in excess of last year.

WINNIPEG, April 28.

A Medicine Hat despatch of the 26th says: "Corporal Bittle's report from Dunmore to night is that while in the hills scouting to-day his party were fired upon by Indians. After firing the Indians cached themselves and as the police detachment was too small he did not pursue them. Supt. McIlrae, of Maple Creek, notified Inspector Moodie here to start in the morning with as many men as he could mount in pursuit of the Redskins. Inspector Mills left Maple Creek at 10.50 last night, and was joined by fifteen men in pursuit of the party of Indians supposed to be the same that fired on Corporal Bittle's detachment. The floods have grown very bold and have stolen numerous horses and killed several head of cattle in this vicinity. A buckboard and set of single harness was stolen from the premises of W. F. Johnston, Kattenaby, by two Indians on Sunday night, 24th inst.

Fresh Seeds at Clark's Drug Store.

O. E. Hughes, M.N.W.C., is in Winnipeg.

Work on the new barracks is being rapidly prosecuted.

Choice selected Vegetable Seeds at Clark's Drug Store.

Coun. Agnew and Geo. Cockrill arrived by the last mail.

Betts & Gwynne expect their new goods to arrive next week.

Thos. McKay, of the rebellion claims commission, is at the capital.

Goodfellow's planing mill is in full blast, dressing lumber for the new barracks.

The most of the Government seed grain has arrived, and is being dealt out to those in need of it.

Sergt. Major Smart arrived by the last mail, and will succeed Sergt. Major Dann, who has left the force.

Mr. Wm. Roscoe, of Carrot River, arrived back from England about a week ago, bringing with him his bride.

Services will be held in the second flat of the St. Ann's (R.C.) mission building pending improvements to the chapel.

Commodore Sheets left on Wednesday last for the scene of the wreck of the Marquis, and will be back in a few days.

Blue Stone at Clark's Drug Store.

The ice made a start for the east on Monday last, in obedience to our ultimatum of last week, and the river is now almost clear.

Hugh Macdougall, our city baker, returned from the east on Tuesday, accompanied by his bride. Mr. and Mrs. Macdougall have our best wishes.

Top onions at Clark's Drug Store.

We understand an address is being prepared by the St. Andrew's Society to forward to Her Majesty commemorative of the 50th anniversary of her accession to the Throne.

We regret that the names of Mrs. Jardine and Mr. J. L. Johnson were omitted in our report last week as having taken part in the concert in St. Paul's church on the previous Friday.

Spring medicines, Burdock Block Bitters, Ayer's Sarsaparilla, Green's August Flower, Lyman's Vegetable Discovery and Warner's Safe Cure, Kennedy's Medical Discovery, at Clark's Drug Store.

Pere Fourmond wishes us to state that a new and much larger ferry boat than was in use last year has been placed on the river at St. Laurent, and that the approaches on each side are all that can be desired.

The holes along the river bank are being filled with manure by order of the Council. The Health Inspector should see that a sufficient covering of earth is placed over the manure to prevent it from polluting the atmosphere.

The Northwest is being painted and fitted up generally for the season's navigation, and when the Commodore is decked in his new tights, pidgeon tailed coat, blue vest and stove-pipe hat the Northwest will be quite a swell looking craft.

Our local oarsmen are all eager for a spin on the river. E. J. Cann has ordered a double scull lapstreak boat from Winnipeg, which he expects to arrive shortly. By the bye, why not have a regatta on the first of July, along with the other sports.

A fresh supply of patent medicines, fancy and toilet goods, just received at Clark's Drug Store.

Seeding is far advanced in some localities, while in others it is somewhat backward. The farmers at the Ridge have nearly completed their labours, as most of them prepared their land last fall. Rain is badly needed, however, as the ground is very dry.

A letter was received from Mr. H. Mitchell, of Wm. Stewart & Co., by Mr. Ouellette, on Monday last. He is at present in England, engaged in the laudable work of trying to civilize the natives of that little island. He will arrive here some time in July.

DOMINION PARLIAMENT.

As yet nothing has transpired this session of a very startling character, with the exception that the member for Alberta registered his vote in opposition to Mr. Curran's motion in favor of Home Rule for Ireland. We hope that the hon. gentleman's consistency (?) will not prevent him from voting for Home Rule for the Northwest, we, of course, being entitled to greater privileges than the "mere Irish."

The member for Marquette has been appointed Opposition whip for all the Dominion west of Ontario. His position is one of grave responsibility, since he is charged with the duty of seeing that the member for Marquette does not go astray.

Mr. Blake's speech on the election of Col. Ouimet as Speaker was, the best he has given utterance to for some time. But as the hon. gentleman never jokes, we are forced to conclude that when he congratulated his "co-conspirator against Canadian law," his "brother fool and knave," his "fellow-hypocrite and coward," his "associate in calumny, treason, and rebellion," on his elevation to the position of Speaker, he was making a confession of his own wickedness, as well as entertaining a hope that he was included in the amnesty extended by the Government to the member for Laval.

The members for Manitoba, the Northwest and British Columbia are pressihg upon the Government the claims of the country lying west of Lake Superior to representation in the Cabinet. They are also asking for lower freight rates. If the population of New Brunswick entitles that Province to two representatives in the Cabinet the West is certainly entitled to a Cabinet Minister. But even if we had not the population, the vastness of the territory and the great interests we have at stake would seem to entitle us to representation in the Cabinet. However, there are many things we require more than a Cabinet Minister, and we can afford to defer seeing any of our members decked in the Windsor uniform for a while yet, provided our more pressing needs are attended to.

The public accounts were presented on the 15th. They show a net debt up to June 30, 1886, of over $23,000,000, which includes a little over $10,000,000 for which land was taken from the Canadian Pacific. The expenditure during the year on capital account investment and railway subsidies was close on $12,000,000; deposits in Savings Banks increased over $4,000,000 last year, which increase, according to the logic of some people, must be accepted as proof positive that the people are becoming poorer every day. The money order business was $17,000,0000; receipts from Customs over $19,000,000; excise nearly $5,000,000. Total receipts from all sources over $33,000,000; increase in receipts, $1,100,000; increase of expenditure, $4,000,000, the greater portion of which is due to the rebellion. The Winnipeg Savings Bank shows a balance at the end of June, 1886, of close on $900,000. The customs dues collected in Manitoba, which includes Brandon, Calgary and York Factory, were over $100,000; other revenues nearly $8,000; total, $107,000. Receipts on account of Dominion lands were $176,792, of which $26,110 are for homesteads, $14,371 for pre emptions, $76,140 for general sales, $64,820 for timber dues, and $29,562 for grazing lands. The receipts from public works, including railways, were the largest since Confederation.

EDITORIAL NOTES.

THE Northwest is to have two Senators.

T. H. McGuire, Barrister, of Kingston, has been appointed Judge for the Saskatchewan District. The new Judge is a man of ability, and cannot fail to give satisfaction.

HIS Honor Lieut.-Gov. Dewdney has appointed the 17th of May Arbor Day for the Northwest. This date may suit the southern districts, where trees are slow to grow, but it is a little late for the Saskatchewan country.

WE are pleased to learn that arrangements were made by Mr. McTaggart, Dominion Land Agent, whereby the difficulties alluded to in our last issue in supplying the settlers on the east side of the South Branch with seed grain before its arrival here were overcome, and the settlers supplied by the freighters with all the seed they required.

THE U. S. State Department is of the opinion that the ultimate settlement of the difference with Canada on the Fisheries question is through perfect reciprocity. The State Department may be right, but while the U. S. Senate is opposed to reciprocity a settlement of the difficulty through reciprocity is out of the question. It takes at least two to make a treaty.

THE Edmonton *Bulletin* says:—"The Calgary *Tribune* complains that the C. P. R. has raised the rates on lumber from Beaver, British Columbia, to Calgary, from $6 to $14 per M., and on fencing in proprtion. These rates should induce all sane men to settle in a country where they do not have to depend upon a railway for their building or fencing timber—to wit, Northern Alberta." But then cheap timber, fuel and good crops are no inducement to some people compared to gopher holes, typhoons and frozen cattle.

Lieut.-Governor Dewdney, in a letter to a Calgary applicant for a whiskey permit, said that holders of permits used them to cover illicit traffic, and to choke the evil he would have to cease issuing so great a number, and that in the Calgary district he would have to shut down issuing them for three months with a view to assisting the authorities in their endeavor to put down smuggling importations. Judge Travis evidently knew with whom he had to deal. Men who seek to defy the law should be made to feel its power.

THE cable at present in use at Nolin's crossing has been seized at the instance of Alick Fisher, who claims that it is his property. Since General Middleton confiscated it at the time of the rebellion this cable has been a continual bone of contention. How the old warrior made out that the cable, which was a public convenience, in fact a part of the public highway, was a rebel implement of warfare, and, therefore, liable to confiscation, is more than we have been able to make out. The pending lawsuit may afford an explanation.

It seems to us that there can be but one answer, and that an emphatic "no," to the question asked by Mr. Barron as to whether the Government intend compensating the father of Wm. Gilchrist for the murder of the latter by Indians at Frog Lake, as to do otherwise would be to admit the responsibility of the Government for the acts of the Indians. Those who settle among red savages must take their chances of being murdered, and the friends of the victim of a red savage should have no more claim on the Government than the friends of the victim of a white savage.

Representatives from the Lorne Agricultural Society will wait upon the Town Council at the next meeting of that body to ask a grant to aid the Society in securing grounds and erecting the necessary buildings in which to hold their annual exhibitions, and we trust the Council will see its way to granting all reasonable assistance. By doing so they will not only be advancing the agricultural interests of the district, but will be advancing the best interests of Prince Albert. At present the annual outlay in connection with the exhibitions in erecting pens and fitting up an exhibition building is almost a total loss, and the exhibits do not receive the prominence they should. Through the encouragement given by the Northwest Council and the Town Council in the past one of our farmers has been able to compete successfully at the Colonial Exhibition, and by the continuance of that encouragement other good results are sure to follow.

DATE OF THE CRUCIFIXION.

HERR FALT, a German *savant*, in a work published some time ago, shows that there was a total eclipse of the moon concomitantly with the earthquake that occurred when Julius Cæsar was assassinated, on the 15th day of March, B. C. 44. He has also calculated the Jewish Calendar to A. D. 31, and the result of his researches fully confirms the facts recorded by the Evangelists, of the wonderful physical events that accompanied the crucifixion. Astronomical calculations prove without a shadow of doubt that on the 14th day of the Jewish month Nisan (April 6th), there was a total eclipse of the sun which was accompanied, in all probability, by the earthquake when the vail of the Temple was rent in twain from the top to the bottom, "and the earth did quake and the rocks rent," "and it was about the sixth hour (12, noon) and there was darkness over the whole land until the ninth hour." This mode of reckoning corresponds perfectly with another calculation made by our author by reckoning backwards from the great total eclipse of 1818 (April 10th)—allowing for the difference between the old and new styles—which also gives April 6th as the date of the new moon in the year A. D. 31. As the vernal equinox of that year fell on March 25th, and the Jews ate their Easter lamb and celebrated their *Erib Pasch*, or feast of the Passover on the following new moon, it is clear that April 6th was identical with Nisan 14th of the Jewish Calendar, which, moreover, was on a Friday, the *Parasceve*, or day of preparation for the Sabbath, and this agrees with the modern Jewish reckoning, so that it is clear from the records of antiquity, from astronomical calculations, and from Christian and Jewish evidence that the crucifixion actually occurred.

April 29.

The House to-day is occupied with matters of no particular interest to the west.

Charlton's motion in favour of holding the blue books till the holding of Parliament, and some Prince Edward Island and Nova Scotia questions and other minor matters will be discussed.

Hon. Mr. Thompson says that it is not the intention of the Government to appoint Jeremiah Travis as a judge in the Northwest.

To-morrow Mr. Barron will enquire if the Government intend compensating the father of Wm. Gilchrist, killed by the Indians at Frog Lake during the rebellion. The Act to amend the Canada Temperance Act will be introduced next Friday. The disallowance question will be discussed next Wednesday.

Another crank, John Dafton, of Brooklyn, has jumped off Brooklyn Bridge and come out unhurt.

There is talk in the Albany Legislature of making Grant's birthday a public holiday.

The twenty four o'clock system is growing in favor, and is to be adopted on the Intercolonial Railroad shortly.

Ald. O'Mullen has been elected Mayor of Halifax by a majority of 300.

Seven hundred emigrants arrived at Montreal this morning and will take up land in the Northwest. They are a superior class and well provided for.

The danger from a rising of Blood Indians has past.

The despatches from Vienna describing the growth of Russian influence in Servia are believed to have been put out for the purpose of alarming Austria. The opinion is that it is the policy of the English Foreign Office, to force Austria into war with Russia with a view to destroying Russian authority in the Balkan States.

Despite the vigilance of the police St. Petersburg was profusely placarded on Sunday night with notices threatening the death of the Imperial family, judges, and Government officials, if the conspirators now under arrest are condemned to capital punishment.

LOCAL NEWS.

R. T. Goodfellow, confectioner, has removed to his new store on the corner of River and McKay Streets, where he will keep on hand a choice stock of confectionery and cigars.

R. C. Wigmore has just received a large stock of spring goods, comprising dress goods in all shades, hats, gloves, ladies' Jerseys, boys' and men's suits, prints, wincey, etc. His ready made suits cannot be beaten.

Major Jack Cotton, commander of the N.W.M.P. at Battleford, arrived in Winnipeg on the 12th. He went east next day and will spend some months among his friends throughout Ontario. His brother, Colonel Cotton, is commander of the battery at Kingston. He is accompanied by Lord Boyle, M.N.W.C. for Macleod.

H. T. McPhillips, Assistant Inspector of Weights and Measures, commenced his duties last Monday. So far he has found the scales used by the merchants in a much better condition than he anticipated, and he has not had any very unpleasant duties to perform. In a town such as Prince Albert, so far removed from the source of supplies, it is not the intention of Mr. McPhillips to be severe, but he wishes it understood that so far as the law can be carried out without causing hardship to any one it is his intention to put it in force. When the requirements of the Act are known he thinks that Prince Albert merchants will be ready and willing to comply with them.

John Conner, C. Robertson, J. Sanderson, and Wm. Jankson, of Carrot River, brought in a number of beef cattle this week and sold them to Russell & Davis, butchers, of this place, for 6½c live weight. Three steers, two of them being only two years old, aggregated 3,000 lbs., and a yoke of oxen 3,500 lbs. These animals were the property of Mr. Conner, and were all fattened upon hay, which goes to show that cattle raising in the Saskatchewan district can be made to pay better than in Assiniboia or even Southern Alberta, the land of gopher holes and blighting blizzards. Mr. Conner reports seeding as nearly completed in the settlement, and that the area under crop this year will be about 50 per cent greater than last year. Wheat and oats are the principal grains sown.

A meeting for the formation of a cricket club will take place this evening.

The Band will give an open air concert next Monday evening, weather permitting. Good music guaranteed.

An agreement has been entered into by the merchants of Prince Albert to close their stores at 7:30 during the summer, commencing on Monday next, May 2nd. The public will please take notice, and do their shopping before 7:30 p.m.

NOTICE.

SEALED TENDERS, addressed to the undersigned, and endorsed "Tender for Indian Supplies" will be received at this office up to noon of SATURDAY, APRIL 30, 1887, for the delivery of Indian Supplies during the fiscal year ending 30th June, 1888, consisting of Flour, Bacon, Groceries, Ammunition, Twine, Oxen, Cows, Bulls, Agricultural Implements, Tools, &c., duty paid, at various points in Manitoba and the North West Territories.

Forms of tender containing full particulars relative to the Supplies required, dates of delivery, etc., may be had by applying to the undersigned, or to the Indian Commissioner at Regina, or to the Indian office, Winnipeg.

Parties may tender for each description of goods (or for any portion of each description of goods) separately or for all the goods called for in the Schedules, and the Department reserves to itself the right to reject the whole or any part of a tender.

Each tender must be accompanied by an accepted cheque on a Canadian Bank in favor of the Superintendent General of Indian Affairs for at least five per cent. of the amount of the tender, which will be forfeited if the party tendering declines to enter into a contract based on such tender when called upon to do so, or if he fails to complete the work contracted for. If the tender be not accepted, the cheque will be returned.

Tenderers must make up in the money columns in the Schedule the total money value of the goods they offer to supply, or their tender will not be entertained.

Each tender must, in addition to the signature of the tenderer, be signed by two sureties acceptable to the Department, for the proper performance of the contract.

When implements of a particular make are mentioned, it is because the articles so designated suit the Department for the purpose required better than others; in such cases the competition between tenderers must, of course, be in the transportation to the place of delivery.

In all cases where transportation may be only partial by rail, contractors must make proper arrangements for supplies to be forwarded at once from railway stations to their destination in the Government Warehouse at the point of delivery.

Tenderers will please note carefully the following conditions:—

1. Supplies will not be paid for until the Department has been assured of the satisfactory delivery of each article for which payment is claimed.
2. No tender for supplies of a description different to that given in the index will be considered, and supplies which are found, on delivery, to be of a kind or quality different to those described, will be rejected by the agents of the Department; and the contractor and his sureties will be held responsible for any loss entailed on the Department through failure to deliver in accordance with terms of contract.
3. It must be distinctly understood that supplies are to be delivered at various points for the prices named in the tender; *but no additional charge for packing or any other additional account will be entertained*, and that an envoice must accompany each separate delivery of supplies. An invoice for each separate delivery must also be sent to the Department of Indian Affairs at Ottawa, and one to the Indian Commissioner at Regina, if the supplies are for the North West Territories. When the supplies are for points in Manitoba Superintendency, the triplicate invoice should be sent to K. McColl, Winnipeg.
4. Prices must be given for articles to be delivered at each point of delivery named in the schedule for each article for which a tender is submitted, and not an average price for each article at all points of delivery; no tender based on a system of averages will be considered.
5. Tenderers should understand that they must bear the cost, not only of sending their samples to the Department of Indian Affairs, but also freight charges incurred in returning such samples the tenderer.
6. When supplies are to be delivered "equal to sample," tenderers should understand that the sample is to be seen either at the Department of Indian Affairs, at the office of the Indian Commissioner at Regina, at the office of the Inspector in charge at Winnipeg, or at any one of the undermentioned Indian Agencies:

VEN. ARCHDEACON PINKHAM.

Ven. Archdeacon Pinkham conducted the morning services at St. Mary's and the evening services at St. Alban's, on Sunday last, assisted by Ven. Archdeacon Joan A. Mackay, Canon Flett and Rev. Mr. Wright. There was a large congregation at both services, and the music and singing was in keeping with the occasion. In the evening Ven. Archdeacon Pinkham preached a short but eloquent sermon from Matthew xi. and 28th. When in England, some years ago, he had visited the Dorcy Art Gallery, of which they, doubtless, had all heard. Among the pictures was one that made a profound impression upon him, entitled the "Vale of Tears," representing our Saviour bearing his cross, and surrounded by a multitude composed of all manner of people, the great and the lowly, the good and the bad, the blind and the halt. This picture contained the germ of his text, "Come unto me all ye that labour, and are heavy laden, and I will give you rest." and manifested the willingness of Jesus Christ to forgive all those who asked for mercy. He referred in touching terms to the labours of the late Lord Bishop McLean, and thought those who knew him must have been impressed with his great talents, and his energy as a missionary, and the necessity of following in his footsteps. He said that only a sense of duty had impelled him to accept the position to which he had been appointed. He hoped the people of the diocese would pray that he might receive the necessary strength and aid to enable him to perform the duties of the office he was about to assume. He had received the congratulations of all denominations, Catholic and Protestant, on his appointment, but he derived the greatest pleasure from the congratulations of Bishop McRae, because His Lordship had stated that in all his communications with the Archbishop of Canterbury never had the subject of a Bishopric for him (the preacher) been referred to. He urged those present never to forget the words of the Gospel, "Come unto Me all ye that labour and are heavy laden, and I will give you rest."

Ven. Archdeacon Pinkham left yesterday for Winnipeg, his brother-in-law, Mr. W. Drever, conveying him to Troy. He will be consecrated on the 4th of August. The Ven. Archdeacon has created a very favourable impression among the adherents of the English church in this district, as well as those of other denominations, and his return to Prince Albert as Bishop of Saskatchewan is anxiously looked for.

CHURCH MEETING.

A meeting of the members of the Church of England in Prince Albert was held in St. Alban's Church on Wednesday evening last, the Bishop designate in the chair. The proceedings having been opened with prayer by the Ven. Archdeacon of Saskatchewan, the chairman stated that as the Rev. A. M. Wright, the present curate in charge, had accepted another position in the mission field, it was his wish that the united congregations of St. Alban's and St. Mary's would select a minister for themselves.

The Hon. Lawrence Clarke then spoke of the pleasure it gave the members of the Church of England here to see their future Bishop among them, and at some length alluded to the Rev. Mr. Wright, who for nearly three years had most faithfully discharged his duties in their midst as a servant of Jesus Christ, and who was now about to leave them, and he felt sure that all would agree with him that Mr. Wright would leave them with an irreproachable character. The speaker then alluded to the past noble and self-sacrificing labours of his and their deeply beloved friend the Ven. Archdeacon John A. Mackay, and concluded by offering him, on behalf of the united congregations, the incumbency.

The Ven. Archdeacon thanked Mr. Clarke most heartily for proposing his name, but stated that he felt he could not accept the position, as it would cause him to sever his connection with the Church Missionary Society with which he had been connected for some twenty years. After an amicable discussion the following resolutions were proposed:—

Moved by Hon. Lawrence Clarke, seconded by S. Brewster, and resolved that the congregations of St. Alban's and St. Mary's shall meet on Wednesday next, the 4th of May, at 7 p.m., in St. Alban's church, to discuss the manner in which an income shall be raised as the stipend for the incumbent of the parishes, such income not to be less than $1,500 per annum, $480 to be paid by the C. C. C. Society and the balance to be paid by the congregations, and further memorialize the Bishop of the Diocese in regard to the appointment.—Carried.

Moved by Hon. L. Clarke, seconded by J. D. Mavety, and resolved that the Bishop nominee of Saskatchewan has the hearty sympathy and support of the congregations of the Church of England in this town, and feel that from his past experience in the older Province of Manitoba, as an organizer of the Educational Department of the Province that we will have in him as our Bishop a man who will perfect the higher educational institutions of his diocese.—Carried unanimously.

On it being moved by Mr. T. Agnew, seconded by Mr. Newitt, and unanimously agreed to, a subscription list was opened at once, and the sum of $851 was subscribed.

After prayer the meeting adjourned.

The log house east of Buckley's saloon has been torn down.

The erection of the new schoolhouse for School District No. 3 will be commenced immediately.

Arrangements are being completed for a grand celebration of the Queen's Jubilee and Dominion Day on the 1st of July.

The sale of property belonging to E. J. Wetherby, advertised to take place tomorrow afternoon, has been postponed.

PROCLAMATION.

VICTORIA, by the Grace of God, of the United Kingdom of Great Britain and Ireland, QUEEN, Defender of the Faith, etc., etc.

E. DEWDNEY,
Lieutenant-Governor.

To all to whom these presents shall come or whom the same may concern, GREETING.

Whereas by Ordinance No. 11 of 1881, intituled "An Ordinance to encourage the Planting of Forest Trees," it is in effect enacted that the Lieutenant Governor may appoint, by proclamation, a day to be observed throughout the Territories as "Arbor Day," for the purpose of planting forest and other trees.

Now know ye that under the authority vested in us as aforesaid, we do hereby appoint TUESDAY, the 17th Day of MAY next to be observed throughout the Territories as Arbor Day, and by these presents earnestly invite all the inhabitants of the said Territories to devote the above mentioned day to the planting of trees; and we request all municipal, religious and school corporations to heartily co-operate for the success of an object which cannot fail to prove of vital importance to the Territories.

Of which all persons whom these presents may concern are requested to take notice and govern themselves accordingly.

In testimony whereof we have caused the seal of the North West Territories to be thereunto affixed. Witness His Honor Edgar Dewdney, Lieutenant Governor of the North West Territories at Government House, Regina, this sixth day of April, in the year of our Lord one thousand, eight hundred and eighty-seven, and in the fiftieth year of Her Majesty's reign.

By command,
A. E. FORGET,
Clerk of Council
